

TURK RELIGIOUS WAR THREAT LOOMING UP

**American Delegates
Quit Duties in Paris;
Hold Minor Positions**

By The Associated Press.

PARIS, May 21.—The director of exports of the American peace commission said today there had been some resignations of subordinates from his force. None of these who resigned, he added, held a position of responsibility, nor were any of them chiefs of sections.

LONDON, May 21.—Dissatisfaction on the part of some members of the American peace delegation with the German peace treaty is reported by the Paris correspondent of the Westminster Gazette.

"With every day that passes, the dislike which some members of the American commission feel for the peace treaty grows into active opposition," the correspondent telegraphs, and he quotes one of the members of the delegation as saying:

"The treaty does not mean peace. It means war."

The correspondent adds that he is greatly concerned with evidence of a changed feeling in American quarters regarding President Wilson.

Bally obtains about 800,000 horsepower from its streams and some smaller cities have found it necessary to extend their connecting conduits many miles in order to obtain supplies of water satisfactory for their use, and in each case it has developed that in this step has added greatly to the wealth, health and prosperity of the city and the original cost has many times been repaid by the construction of the new water systems.

In Tulsa particularly, however, the great savings in the cost in providing proper drinking water for the people of the city and in the savings in repairs of boilers, plumbing, etc.

It is now suggested that instead of transferring the sultan to a strip of territory somewhere in Asia Minor, that he remain in Constantinople and be allowed to exercise a sort of imperial power over some territory in Asia Minor to be selected, thus meeting the form of the Ottoman empire. Such a plan, it is asserted, would prevent the obliteration of Turkish pre-war debts and necessitate the framing of a peace treaty with the empire.

Delegates Differ.

The American commission discussed this plan yesterday but apparently there was considerable difference of opinion among the delegates. Some of them feel that the United States probably would be willing to accept the Constantinople mandate under any conditions in the event it accepts the mandate for Armenia, which would require a large number of American troops until such time as native forces could be organized and the unsettled conditions controlled.

Military experts declare that Constantinople could be controlled entirely by the navy and policed under direction of the marines. The probable military force necessary to repress order in Armenia and protect the Armenians from their aggressive neighbors has been variously estimated at from 50,000 to 100,000.

**"I'm A WORKING GIRL,
JUDGE;" SHE GETS FINE**

Lorenz Bruner, you are charged with vagrancy, guilty or not guilty?" asked Judge Warren in municipal court yesterday afternoon.

"Not guilty," replied the girl. "Men Officers Wilf and Bewley arrested me Tuesday night. I was not doing nothing but sitting on a man's lap. I'm a working girl and I work there day and night."

Officer Bewley was called to the witness stand and in his testimony he said: "Judge, she might be a working girl and all that, but she was not doing manual labor when we found her Tuesday night. She was sitting squarely on a man's lap and did not seem to be troubled over business affairs."

The fine was \$15 and costs.

Wednesday's Marriage Record

Marriages—(Continued) were listed to the following: Wednesday, by the clerk of the justice of the peace court: Edward Gold, 47; Dawson, 26; Mary Tucker, 21; Canova, W. D., Harris, 26; Dewey and Heng Deter, 18; Collinsville, Gifton E., Conway, 28; and Clara V. McNeely, 24; Tulsa; L. M. Page, 27; and Marion Dotson, 22; Tulsa; Tedford Parry, 19; and Ruth Thomas, 18; Tulsa.

Firestone First

We want to bring to your attention these facts about Firestone:

- First to build truck tires—
- First to build the channel type of truck tire—
- First to build removable truck tires—
- First to build the cup cushion truck tire—
- First to build a complete line of tires for all commercial vehicles—
- First to build a successful giant truck tire—
- First with a practical, efficient giant cord tire equipment, including demountable rims—
- First to establish 600 dealers with hydraulic press and service facilities in leading cities throughout the United States.

The only manufacturer that makes the tire and rim complete.

RESULT: Over half the truck Tonnage of America is carried on Firestone Tires.

Our truck-tire service—in completeness, speed and dependability—also ranks FIRST. We watch your truck tires, help you get the most miles of service, suggest the correct tire for your trucking when a change is required and make the change with least delay. See us.

WATER SYSTEM PLANS APPROVED

CONTINUED FROM PAGE ONE

Oklahoma has been known to the white man.

An Economic Move.

Fortunately, the United States government has maintained an exact record of the rainfall at Tulsa, and the level of Spavinaw creek. For periods of over 35 years these figures furnished by the government give conclusive evidence as to the amount of precipitation and runoff on the Spavinaw.

When these new works are completed Tulsa will have a water supply both as to quantity and quality second to none in the southwest and will have taken the one great step that has been necessary to the complete development of the city, both as a manufacturing center and as a city of homes.

Several of the other important cities of the country, such as Los Angeles, San Francisco, and some smaller cities, have found it necessary to extend their connecting conduits many miles in order to obtain supplies of water satisfactory for their use, and in each case it has developed that in this step has added greatly to the wealth, health and prosperity of the city and the original cost has many times been repaid by the construction of the new water systems.

In Tulsa particularly, however,

the great savings in the cost in providing proper drinking water for the people of the city and in the savings in repairs of boilers, plumbing, etc.

By adding about 12 per cent of chromium to solid carbon steel an English inventor has brought out a metal for table ware that is rust and tarnish proof.

as mentioned in the foregoing, make it clear that Tulsa cannot afford to wait longer for the completion of the new works and the savings, particularly in the cost of water for use in the homes, applies most particularly to that great number of citizens who are really not able to pay the excessive cost of bottled water, and these citizens make up the great majority of this as well as all other citizens. It is undoubtedly to the man in moderate circumstances that the greatest benefit will accrue from the construction of this new city water system.

**ARKANSAS MAN GIVES UP
AFTER KILLING TWO MEN**

CLARENCE, Ark., May 21.—Perry Martin, aged 45, lumberman of this place, came here today and surrendered to Sheriff Malone, saying he had shot and killed two of his white employees at his logging camp 100 miles south of Clarence on the White river this morning. He gave the names of the men as Ed Kerin and Eddie Robinson. He said that he had trouble with the two and that while he was on a steamboat they came up in a launch armed with shotguns. Martin said that he fired two shots at them with a shotgun loaded with buckshot and killed both. Kerin's body fell into the river and has not been recovered.

He is now being held without bail on a charge of first degree murder.

Election of officers will be held Thursday morning and at the same time the city for the 1919 convention will be selected. Dr. Charles W. Hellmann of Muskogee has

PHYSICIANS STUDY HEALTH PROBLEMS AT MUSKOGEE

Special to The World.

MUSKOGEE, Okla., May 21.—Scientific discussion of medical topics of the hour featured the second day of the annual convention of the Oklahoma state medical association here. One of the main points thus far brought out is that the return of physicians from the army and navy to civil life means that there will be much greater effort in the future to dig into and properly handle the great study of health and prevention of disease than there has ever been in the past.

Electoral action will be held Saturday morning and at the same time the city for the 1919 convention will be selected. Dr. Charles W. Hellmann of Muskogee has

been most prominently mentioned for president.

Tonight the visiting physicians were entertained by the local Elks' Lodge at the Elks' Hall was well attended.

Ward Baptist College

WASHINGTON, May 21.—Rev. W. G. Wiley of Muskogee, field secretary of the Baptist General Convention board, and Rev. E. D. Coker of Hugo, pastor of the First Baptist church of Hugo, arrived here today as members of a committee to consider the advisability of locating a national Baptist college in Washington.

Threaten General Strike.

OAKLAND, Calif., May 21.—The Pacific Coast Metal Trades Council has decided to call a general strike broad gauge with advocates of labor's cause in attendance to a six months' strike against prohibition.

Election of officers will be held Thursday morning and at the same time the city for the 1919 convention will be selected. Dr. Charles W. Hellmann of Muskogee has

SPREE FOR SIX MONTHS IS OPPOSED BY BRYAN

ASHVILLE, N. C., May 21.—Unanimous action condemning President Wilson for his recommendation to Congress of the repeal of wartime prohibition was taken today by the Northern Baptist convention in session here.

The motion from the convention that the repeal of wartime prohibition would be a victory for the whisky business and would permit the democratic party to claim credit of the slogan in the last four years was voted down by a vote of 1,000 to 100. The proposal was defeated because of the fact that prohibition is stronger than it was in the law.

It is hardly conceivable," said Mr. Bryan, "that those who favor prohibition as a permanent condition will be able to sustain it in the face of the present situation.

Success of the victory campaign of the laymen's committee of the convention to raise \$1,000,000 for church finances was announced tonight. The total has reached \$1,450,000 officially and members of the committee agreed that remaining \$500,000 was in sight.

NORTH BAPTISTS CONDEMN PRESIDENT'S BEER STEP

DENVER, Colo., May 21.—Unanimous action condemning President Wilson for his recommendation to Congress of the repeal of wartime prohibition was taken today by the Northern Baptist convention in session here.

The motion from the convention that the repeal of wartime prohibition would be a victory for the whisky business and would permit the democratic party to claim credit of the slogan in the last four years was voted down by a vote of 1,000 to 100.

The proposal was defeated because of the fact that prohibition is stronger than it was in the law.

It is hardly conceivable," said Mr. Bryan, "that those who favor prohibition as a permanent condition will be able to sustain it in the face of the present situation.

Success of the victory campaign of the laymen's committee of the convention to raise \$1,000,000 for church finances was announced tonight. The total has reached \$1,450,000 officially and members of the committee agreed that remaining \$500,000 was in sight.

Have You Attended the Biggest Sale in the Central Part of the United States

This sale was delayed on account of the Santa Fe R. R. Co. moving into their new million dollar terminal. It took some time to divide this shipment; part came by Frisco, part by Santa Fe. Just think of it—between 112 and 114 thousand pairs of shoes go in this sale. The largest shoe manufacturer of western made shoes is moving his seven million dollar plant to St. Louis. Rather than pay freight he has decided to send his stock to the Wonder City's Wonder Store—The Union Department Store, 112-114 South Main street, Tulsa. They are on sale now.

Baby shoes	23c	Values at	\$1.98
Big assortment, sizes 2 to 4	59c	Sandals	69c
Ladies' Oxfords	69c	Men's oxfords, \$5.00 to	\$7.50
House Slippers	98c	Values \$1.98 and	\$2.98
Basement bargains, sizes 2 to 4, each	12-12c	Army shoes with government inspector's stamp on each pair	\$5.95
Children's odd pairs	49c	Tennis shoes	69c
Ladies' low-cuts	50c		

We made a lucky purchase of Priest-Mayer Shoe company sample shoes and low cuts; all solid leather, made to retail from \$5.00 to \$12.50, sizes 3 to 1; high and low heels; all styles.
